

Arranging a Stone Setting

For the latest Coronavirus Updates please [click here \[1\]](#).

When should I arrange a Stone Setting?

We would normally suggest as soon as you get up from sitting shiva.

Who do I contact?

The Cemetery Maintenance Department. They can be reached by calling 020 8950 7767 and selecting option 2.

How long should one wait to have the Stone Setting?

Some families are now setting the stone between six and eleven months. We would recommend between nine - eleven months.

What costs are involved?

As well as the price agreed with your chosen mason, there is a booking fee dependent on what day you decide on. Sundays are more expensive. As you can appreciate we carry out over 800 funerals a year and most people would prefer to have a stone setting on a Sunday. This is not always possible as there are only so many Sundays available to us; please carefully consider seeing if you can arrange it for midweek.

Please Note:

If a double stone is erected, on the death of the person for whom the second plot is reserved, there will be a charge made by the Burial Society to facilitate the necessary removal of the stone prior to the funeral taking place. If the monumental masons were to do this, delay to the funeral could result. The charge made by the Burial Society is the same as that of the monumental masons.

[Click here \[2\]](#) to download the Stone Setting service.

Please remember to speak to our Cemetery Maintenance Department about the maintenance of the stone.

Please see below a list of Monumental Stone Masons permitted to work in United Synagogue Cemeteries.

GARY GREEN MEMORIALS
