

## Israeli Community Welcomed for Shabbat UK at Alei Tzion

Alei Tzion welcomed in the Israeli community for Friday night dinner to mark Shabbat UK. 25 Israelis joined members of the community for a warm and friendly dinner at the synagogue.

Conversation flowed throughout the night in a mixture of English and Hebrew with all those present getting to know each other.

Alei Tzion is a 250-member religious Zionist United Synagogue community in Hendon with a strong connection to Israel. Many of its members make aliyah each year.

Michelle Bauernfreund, Chair of Alei Tzion, said: "We were excited to use Shabbat UK as an opportunity to reach out to a part of the wider community who may not normally feel affiliated to central community events."
