

Something for Singles

Strike a Match

The United Synagogue provides social and educational events for singles of all ages in our community. S.A.M. - Strike A Match - has connections with several hundred young and 'young at heart' Jewish singles. S.A.M. tries to get to know each individual as personally as possible and, where introductions are made, to offer, to the extent to which this is reasonably desired, a bespoke support and mentoring service through the dating and even engagement process. SAM also seeks to network and link up as much as possible with other suitable groups offering social, cultural, educational and religious activities for Jewish singles.

If you are looking for support as a Jewish single or know of someone else who is keen to find their 'bashert' please email Judy Ginsbury, Rebbetzen at Hendon United Synagogue at singles@theus.org.uk [1] or phone 020 8202 5514.
