An Eternal memory
Caring for their memory

The final resting places of our loved ones deserve to be well cared for. We all want the peace of mind that comes from knowing their graves are being maintained in a way that respects their memory.

But it can be hard to do this important job ourselves. It’s a time consuming and physically demanding task that many find difficult. Without care, memorials risk becoming dirty with inscriptions illegible and stones becoming damaged – which besides being undesirable can give rise to very expensive repair costs.

At the United Synagogue we want to help make sure that every grave is preserved in a dignified condition. That’s why we provide our Burial Society Care Programme.

Above: The real difference that a Care Programme can make.

Although normal wear and tear of masonry isn’t covered – for example when weathering brings an inscription to the end of its life – belonging to a Care Programme will not only slow this process down, but will also provide you with regular inspections that will alert you to any work needed before costs escalate.
The care we can provide

Any memorial that is in good condition can be added to one of the following Care Programmes. When joining a Care Programme we will supply an estimate for any initial repairs required to return the memorial to good condition. (Should any such repairs be required, the first year’s Annual Care for Single or Double Stones will be provided free of charge).

Annual Care Programme

- regular inspections will check that time and nature have not damaged the gravestone
- twice yearly cleaning will be carried out to remove the dirt, algae and lichen that can stain and damage an untended stone
- any memorial found to have subsidence will be rectified
- following each inspection, a photo of the memorial can be provided on request

Cost for single stone: £71.00 per year
Cost for a double stone: £103.00 per year

Jubilee Care Programme

- a once only payment can be made that will provide all the benefits of a care programme for the next fifty years
- peace of mind that your loved ones’ memorial is always in pristine condition

Cost for single stone: £3,466
Cost for double stone: £5,405
Extended Care Programme

This new programme allows a one off payment to cover maintenance for a set number of years. The service provided is the same high level as all the Care Programmes. The benefit of this programme is that the length of care is calculated on the current annual rate and not subject to any increases in cost.
